DRY SUIT UNDERWEAR

MK 0

This one piece Base layer is ideal under any of our Glacier Series Thermal Garments providing unmatched wicking performance. The MK 0 can also be worn as a stand alone layer in tropical conditions.

Sizes Available

XS, S, M, L, XL, 2XL

Materials

Breathable, moisture wicking, Bamboo blended material.

Construction

- Environmentally Friendly production process.
- Additional Spandex content results in extreme stretch; no need for king sizes.

Standard features available

- Smooth lycra stirrups.
- Elastic Thumb Loops.
- Rear convenience flap.
- 2-way torso/relief zipper.
- Seamless gusseted crotch.
- Non-chafing flat-lock stitch seams.
- Non-magnetic construction throughout.
- Non-corroding YKK zippers.

MK 1

The MK1 provides thermal protection in tropical to temperate dive conditions. The high stretch micro fleece provides both wicking and thermal performance allowing it to be used as either a base wicking layer or as a stand alone garment for warm water.

Bum Zipper.

Elastic Thumb Loops.

Stirrup.

Sizes Available

XS, S, M, L, XL, 2XL

Materials

Breathable, moisture wicking, polypropylene MicroFleece.

Construction

- Additional Spandex content results in extreme stretch; no need for king sizes.
- Smooth lycra stirrups.
- Elastic Thumb Loops.
- Rear convenience flap.
- 2-way torso/relief zipper.
- Seamless gusseted crotch.
- Non-chafing flat-lock stitch seams.
- Non-magnetic construction throughout.
- Non-corroding YKK zippers.

MK 2

The MK 2 is the core layer of the Glacier layering system. Extremely versatile, this garment can be layered up and down to match the widest range of diving conditions.

Sizes Available

2XS, XS, S, M, L, XL, 2XL, 3XL

Materials

- Breathable, moisture wicking, high loft, insulating polypropylene Polar Fleece lining.
- StormProof 70 denier micro-ripstop water resistant Taslon nylon.

Construction

- Non-corroding YKK zippers throughout.
- Non-magnetic construction throughout.

Standard features available

- Removable sleeves on Jacket & John.
- Complement this system with the MK1 or MK0 one piece thermal layers for colder conditions.
- 2 zippered vertical chest pockets.
- 2 large fleece-lined hand warming pockets.
- Thumbloops on John & Jacket.

Jacket Features

- StormShield face guard with fleece liner.
